

1. Go to [www.agi.com](http://www.agi.com) and create an account (needed for certification later, etc.).
2. Download and install STK from <http://agi.com/resources>
3. Go on <http://agi.com/about/partners/educational-alliance-program> and click on “collect licenses”, go to on-demand license, and use code Xz9+c.
4. Choose “EAS410 Astrodynamics” on first dropdown menu, leave second blank.
5. Agree and generate license.
6. Follow steps on email you have received.
